All the Eligible UG Programs are Accredited by NBA

R.S.M. NAGAR, KAVARAIPETTAI-601 206, GUMMIDIPOONDI TK., THIRUVALLUR DIST., TAMILNADU, INDIA.

I'm very happy to write this letter of reference for Supraja Arthi S whom I have known about over 3 years as her counsellor, during which I taught her the courses of 'Object Oriented Programming System' and 'Database Management System'. Through my observation, I would like to say that she is curious, determined, studious, sincere and possesses a positive attitude towards academics.

Supraja Arthi has also undergone internships and inplant trainings from which I discovered that she'll be able to work in a dynamic environment and she is also capable of multi tasking. We also engaged her in several courses and research related discussions in which she confidently expressed her ideas and thoughts in clarity. For her final year project, she chose the topic of 'Realtime localized multi object detection system using Deep learning'. Her team has also won the best paper award on International Conference (ICICSCNT 2021). Her paper has also got the acceptance from Turkish Online Journal of Qualitative Inquiry and will be published soon.

Besides the academic record, Supraja Arthi also has a really good technical background. She has participated in various hackathons and she clearly displays her interest in the technical and coding sectors. As a person who is always ready to take up responsibility, she carries out her duties with immense dedication. Throughout the course, Supraja Arthi has always been an active participant in all academic activities and she always supported her peers by helping them throughout. I am certain that Supraja Arthi is going to continue to do great and innovative things in future and stand-out as an individual at your Company.

I'm pleased to know that Supraja Arthi will be kickstarting her career in a reputed company like yours. I have the deepest personal and overwhelming appreciation for her, and sincerely believe Supraja Arthi will show her unique energy, immeasurable dedication, and tireless creativity at your company. If you have any questions about this recommendation, please do not hesitate to contact me, I'd be glad to help.

Srijayanthi

Yours sincerely,

Mrs Srijayanthi
Assistant Professor,
Computer Science and Engineering Department.
R.M.K. Engineering college, Kavaraipettai - 601206.
